

Class 2j ~ Security signs

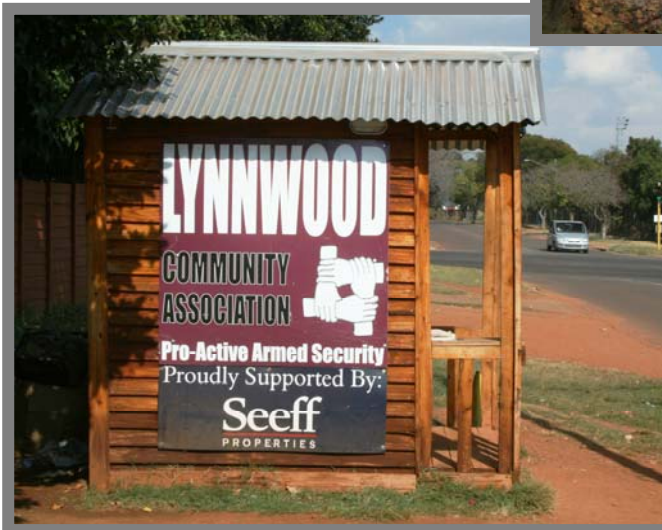

In view of the rising crime problem in South Africa this sign class is of the greatest importance.

In order to ensure adequate safety and security, security signs should be supplemented by adequate suburb, street and farm names in order to assist the police service, reaction units and emergency services. (See [Class 2h ~ Street name advertisements](#), [Class 2i ~ Suburban ads](#) & [Class 3i ~ Signs for Agricultural and related land use in rural & natural areas](#)).

Signs indicating alarm systems, reaction units and electric fences

Class 2j ~ Security signs

More security signs indicating security patrols and community initiatives. Information representing a sponsor should not exceed more than 25% of any sign (centre).
