

ECEL Short-Course D: Adapting to a dynamic legislative mandate: NEMA and SEMA update

12th November 2013: 05th Environmental Compliance and Enforcement Lekgotla

Course Overview:

With the ongoing amendment to principal Acts and the promulgation of sub-ordinate legislation, it is often difficult for EMIs to keep up to speed with the laws they are mandate to implement. This shortcourse will provide an update on the most recent changes.

Who should attend?

EMIs who want to keep themselves updated with the recent and upcoming amendments to legislation falling within their mandate, more specifically around waste, integrated coastal management, environmental impact assessment/mining, threatened and protected species, bio-prospecting and benefit-sharing; as well as general issues, such as S24G and search and seizure powers.

Course Presenters: Thomas Mbedzi, Sibusiso Shabalala, Radia Razack, Franz Scheepers, Khashiwe Masinga, Mark Jardine (DEA)

Topic	Presenter	Time
EIA Update (NEMLA 2 and EIA Regulations Amendments (Mining))	Franz Scheepers	08h30- 09h30
Biodiversity Update (NEMLA 1 and TOPS comprehensive amendments)	Thomas Mbedzi	09h30-10h30
TEA		10h30-11h00
Waste Update (NELA, listed activities amendment, waste classification amendments)	Sibusiso Shabalala (NELA) Khashiwe Masinga (Listed Activities)	11h00 - 12h00
