## 1. PURPOSE

To provide the terms of reference for a service provider to provide, maintain and update an online e-legislation (legislation reference) portal on the national Department of Environmental Affairs' (DEA) website for a period of three years.

## 2. INTRODUCTION AND BACKGROUND

The Environmental Management Inspectorate (EMI) comprises a network of officials from national, provincial and local organs of state that are designated in order to ensure compliance and undertake enforcement with specific pieces of national environmental legislation. The Inspectorate embarked on a project to develop and implement a National Environmental Compliance and Enforcement Strategy (NECES), which provides a medium - term roadmap to improving the compliance and enforcement performance of EMIs.

The strategy proposes specific recommendations of ways in which compliance with environmental legislation can be improved, including the suggestion that access to updated environmental legislation should be improved - for the EMI, the regulated community and the public in general. It is critical for all of these role-players to have a user-friendly, updated and comprehensive mechanism through which environmental legislation can be accessed. Firstly, the EMIs need to know and understand the provisions of the legislation in terms of which they will be required to undertake compliance and enforcement functions. The regulated community may also benefit from an accessible legal resource to identify and explore the legal provisions with which their facilities/activities must comply. Finally, members of the public could utilise this information resource in order to establish their environmental rights under the environmental legislation as well as the Constitution.

In order to achieve this objective, the Department of Environmental Affairs (DEA) requires a service provider that will provide, maintain and update an e-legislation portal on the DEA website that will include legislation relevant to the legal mandate of EMIs i.e. the National Environmental Management Act 107 of 1998 (NEMA), specific environmental management Acts (SEMAs) as well several related pieces of legislation. This includes both the principal Acts as well as the accompanying subordinate legislation (including notices, norms and standards and Regulations etc.)

**CERTIFICATE OF INDEPENDENT BID DETERMINATION**

- 1 This Standard Bidding Document (SBD) must form part of all bids<sup>1</sup> invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
  - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
  - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

<sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.

<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
